Index to Volume 30

Subjects

ABDOMEN, examination, roentgenographic, misleading calcific shadows, 51; injuries due to blunt violence, A-49 (Aug.)
Abnormalities, congenital, 317; congenital, rubella and, A-94 (Nov.)
ACTH and cortisone, auto-immune diseases and, 93; management of surgical patients receiving steroids, 242; steroids, congestive heart failure and, 293; tests of adrenocortical function, A-18 (Aug.); treatment of infection, 173; treatment of rheumatic disease with intraarticular injections, 283; treatment of scleroderma in pregnant patient, 498; treatment of ulcerative colitis, 242
Adrenals, cortex, *see also* ACTH and cortisone; cortex, function tests, A-20 (July), A-18 (Aug.); cortex, response to surgical stress in Europeans and Bantu (editorial), [illegible] tumors in ovary, 448
Air, pollution (editorial), 90
Allergy, nasal, in children, 217; skin disease among farmers, 1
Amebiasis, liver abscess and, 11; of liver (editorial), 393
Anemia, hemolytic, drug-induced, primaquine-sensitive, 311; nutritional (editorial), 393; treatment with new drugs, 28
Aneurysm, abdominal, roentgenographic diagnosis, 56, 65
Angina pectoris, *see* Heart, disease, coronary
Antacids, choice of, 235
Anthrax, 5
Anticholinergics, therapeutic value, 236
Anticoagulants, treatment of nonhemorrhagic cerebral vascular lesions, A-64 (July)
Anxiety, *see* Mental disorders
Aorta, abdominal, aneurysm, 374; abdominal, aneurysm, roentgenographic diagnosis, 65
Appendicitis, acute, in late pregnancy, 565
Arrhenoblastoma, 446
Art, in medical teaching, portrait of the doctor, 390
Arteries, disease, periarteritis nodosa involving kidney, 83; peripheral, disease, 374
Arthritis, *see also* Gout; auto-immune disease, 94; gouty, 555; rheumatoid, of hand (editorial), 394; rheumatoid, treatment, A-14 (July); rheumatoid, treatment with gold, A-24 (Nov.); treatment with intraarticular steroid injections, 283
Asthma, bronchial, hereditary aspects, A-70 (July)
Auto-immune disease, general principles, 91

BANTI'S disease, *see* Spleen
Bile ducts, obstruction, biliary stasis, A-68 (July)
Bladder, calculi, roentgenographic diagnosis, 53
Blindness, changing aspects (editorial), 90
Blood, changes in senescence, 530; dyscrasias, *see also* Anemia; Leukemia; dyscrasias, leukopenia, familial, A-68 (July); dyscrasias, polycythemia, 30; serum, cholesterol in, control in diabetic, 601; serum, cholesterol in, reduction with triparanol, 76
Blood pressure, high, causes of death in, A-72 (Aug.); high, due to periarteritis nodosa of renal artery, 83; high, treatment with drugs, 30; high, treatment with guanethidine, 260; high, treatment with reserpine, possible effect on nursing infant, A-24 (Nov.)
Blood vessels, *see also* Arteries; Cardiovascular system; Veins; disease, diffuse, A-26 (Sept.); peripheral, disease, leg cramps and, 47
Bone, abnormalities, congenital, 322; changes in pulmonary and cardiac disease, A-85 (Nov.); changes in senescence, 527; disease, osteitis deformans, A-22 (Nov.); tumor, multiple myeloma, 251
Book reviews, Advances in blood grouping (Wiener), A-142 (Sept.); Advances in internal medicine (Dock; Snapper), A-128 (July); An atlas of acquired diseases

of the heart and great vessels (Edwards), A-161 (Oct.); An atlas of pain patterns (Smith; Christensen; Hanson; Ralston; Achor; Berge; Morrow; Bulbulian), A-164 (Oct.); Bedside medicine (Snapper), A-106 (Aug.); Bleeding syndromes; a clinical manual (Ratnoff), A-161 (Oct.); Chest pain; systematic differentiation and treatment (Reich; Fremont), A-164 (Nov.); Cirrhosis of the liver (Kleckner), A-162 (Nov.); Clinical cardiopulmonary physiology (Gordon; Kory; Andrews; Briggs; Gasul; Levine; Sampson), A-162 (Nov.); The closed treatment of common fractures (Charnley), A-168 (Oct.); The detection of secret homicide (Havard), A-42 (July); Disease and injury (Brahdy), A-144 (Sept.); Essential pathology (Baker), A-167 (Oct.); The eye in general practice (Jackson), A-162 (Nov.); Haematology (Thompson), A-160 (Nov.); Heredity in ophthalmology (François), A-118 (Dec.); The human adrenal gland (Soffer; Dorfman; Gabrilove), A-164 (Nov.); The human cerebellum (Angevine; Mancall; Yakovlev), A-167 (Oct.); Management of fractures, dislocations and sprains (Conwell; Reynolds), A-142 (Sept.); Management of obstetric difficulties (Willson), A-157 (Nov.); A manual of cutaneous medicine (Pillsbury; Shelley; Kligman), A-157 (Nov.); Medical research and the death penalty (Kevorkian), A-46 (July); Occupational diseases and industrial medicine (Johnstone; Miller), A-130 (July); The physiological basis of medical practice (Taylor), A-103 (Aug.); Pregnancy and diabetes mellitus (Hagbard), A-160 (Nov.); Rehabilitation of a child's eyes (Katzin; Wilson), A-122 (Dec.); Respiration; physiologic principles and their clinical applications (Rossier; Bühlmann; Wiesinger), A-130 (July); Surgical diseases of the chest (Blades), A-128 (July); Textbook of medical physiology (Guyton), A-103 (Aug.); Textbook of medical treatment (Dunlop; Davidson; Alstead), A-122 (Dec.); A textbook of pathology; an introduction to medicine (Boyd), A-164 (Oct.); Thoracic diseases; emphasizing cardiopulmonary relationships (Rubin; Rubin; Leiner; Escher), A-120 (Dec.); Urology in general practice (Parton), A-103 (Aug.); The year book of cancer (1960-1961) (Clark; Cumley), A-118 (Dec.); The year book of endocrinology (1960-1961) (Gordan), A-142 (Sept.)

Brain, disease of basal ganglions as cause of senile tremor, 551; disease, vascular, nonhemorrhagic, anticoagulant treatment, A-64 (July); infarcts, treatment with aminophylline, A-90 (Sept.); injury due to skull fracture, A-96 (Nov.); research organization (editorial), 171; vascular accidents, bloodless, surgery for, 537

Breast, cancer, treatment, removal of pituitary, A-75 (Dec.)

Bromsulphalein test, A-61 (Nov.)

Burns, treatment, first aid, by water cooling, 330

CALCIUM, deposits in abdominal lesions, roentgenographic diagnosis, 51

Cancer, calcification, roentgenographic diagnosis, 60, 61; dissemination, prevention, 157; metastatic, of lung, A-14 (July); mortality in Israel, A-101 (Nov.); of breast, treatment, removal of pituitary, A-75 (Dec.); of intestine, carcinoid, malignant, 516; of lung, bone changes and, A-85 (Nov.); of ovary, 433; of ovary, functioning tumors, 438; of pancreas, 36; of prostate (note), 73; of skin, among farmers, 8; of stomach, chronic ulcer and, A-72 (Dec.); of tongue, A-20 (Dec.); of uterine cervix, 453; of uterine cervix, detection, 229; of uterine cervix (note), 26; terminal, palliative drugs, 243; treatment with new drugs, 244; treatment with thio-TEPA, A-26 (Sept.)

Cardiovascular system, changes in senescence, 529

Caverly, Charles S. (biography), A-136 (Oct.)

Cell, mystery of (editorial), 521

Central nervous system, abnormalities, congenital, 320; syphilis, tabes dorsalis, 586

Cesarean section, in patient with scleroderma, 498

Cholesterol, *see also* Heart, disease, coronary; in blood, reduction with triparanol, 76

Chromosomes, Philadelphia, leukemia and, A-22 (Dec.)

Clinicopathologic conferences, Hines Veterans Administration Hospital, 83, 164, 251, 383, 516, 604

Clinodactyly, *see* Fingers

Coccidioidomycosis, 301

Colon, *see* Intestines

Conception, prevention, drugs for, A-14 (July)

Connective tissue, changes in senescence, 527

Crutches, accessories, 610; types available, 508

Cryptococcosis, in patient with leukemia, 383

DIABETES mellitus, complications, neurologic, 223; in patient with hemochromatosis, 164; medical and surgical aspects, 363; treatment in children, A-20 (Nov.); treatment, nutritional aspects, 598

Diaphragm, hernia, hiatus, 237; hernia, hiatus, roentgenographic diagnosis, A-77 (Sept.)

Diet, *see* Nutrition

Drugs, effect on gastrointestinal tract, 234; new, uses of, 27; psychotomimetic, 111; sedative, overdosage, automatism as cause of pseudo suicide, A-34 (Oct.)

Duodenum, polyps, A-18 (Oct.)

Dysgerminoma, 440

EAR, changes in senescence, 532

Eclampsia, *see* Pregnancy, complications

Embolism, fat, as cause of death, A-46 (Dec.)

Endocrinology, *see also* Adrenals; Hormones; abnormalities, congenital, 324; gland changes in senescence, 533; pediatric, A-69 (Aug.)

Endometriosis, pelvic, 459

Erskine, Arthur W. (biography), A-180 (Nov.)

Esophagus, diverticula, 265; hernia, hiatus, roentgenographic diagnosis, A-77 (Sept.); inflammation, reflux, treatment, A-86 (Oct.)

Executives, health of (editorial), 614

Eye, *see also* Blindness; changes in senescence, 532; disease, glaucoma, detection, 326; disease, incidence in Sahara, A-98 (Nov.); in aged, 355; retinal thrombosis, A-26 (Sept.)

FELDSHERS, auxiliary medical workers in Russia (editorial), 89

Felty's syndrome, *see* Spleen

Fibrositis, treatment with intraarticular steroid injections, 283

Fingers, crooked, clinodactyly, A-29 (Sept.)

Folliculitis, occipital, A-16 (Oct.)

Forensic medicine, death, causes of, fat embolism, A-46 (Dec.); death, causes of, poisoning, A-42 (Dec.); The detection of secret homicide (review), A-42 (July); Medical research and the death penalty (re-

view), A-46 (July); poisoning, chemical, in urban area, A-62 (Sept.); sterilization, legal aspects, A-42 (Nov.); suicide, evaluation, 31; suicide, pseudo, drug automatism and, A-34 (Oct.); violence, blunt, A-43 (Aug.)
Fungous infection, coccidioidomycosis, 301; cryptococcosis, 383; of skin among farmers, 1; treatment with new drugs, 27

GAIT, abnormal, limp in childhood, 343
Gallbladder, calculi, indications for surgery, 573; disease, roentgenographic diagnosis, 53, 55-57; inflammation in late pregnancy, 566
Gastrointestinal tract, abnormalities, congenital, 321; changes in senescence, 533; effect of drugs on, 234; symptoms due to tabes dorsalis, 586
Genetics, chromosomes, Philadelphia, leukemia and, A-22 (Dec.); congenital abnormalities, 322; phenylketonuria, A-12 (Aug.)
Genitourinary tract, changes in senescence, 534
Geriatrics, biology of senescence, 527; changing aspects of blindness (editorial), 90; driving, aging and (editorial), 523; eye in aged, 355; problems of aging (editorial), 612; tremor, senile, versus parkinsonism, 550
Gerrish, Frederic Henry (biography), A-150 (Dec.)
Glanders, 5
Glaucoma, *see* Eye, disease
Glycogenosis, A-66 (July)
Gonorrhea, sensitivity of gonococci to antibiotics, A-92 (Sept.)
Gout, arthritis and, 555; roentgenographic diagnosis, A-63 (Oct.)
Granulosa-cell tumor, 441
Guanethidine, treatment of hypertension, 260
Gynecology, *see also* Ovary; Uterus; examination, premarital, 476; medical problems of women in industry (editorial), 282; obstetrics and, special issue, 396; psychosomatic aspects, 479

HAND, deformity, arthritic, surgery (editorial), 394
Hansen's disease, preventorium for Spanish children, A-78 (Dec.)
Head, injuries due to blunt violence, A-44 (Aug.)
Headache, *see* Migraine
Heart, *see also* Cardiovascular system; disease, congenital, 322; disease, congenital, diagnosis, office, 119, 191; disease, coronary, aggravation in patients receiving imipramine, A-94 (Sept.); disease, coronary, angina at high altitudes, A-15 (Aug.); disease, coronary, anticoagulant therapy, A-72 (Dec.); disease, coronary, epidemiologic approach, 67; disease, coronary, in patient with multiple myeloma, 251; disease, coronary, myocardial infarction, A-26 (Sept.); disease, coronary, sudden death in, 139; disease, glycogenosis, A-66 (July); enlargement, roentgenographic diagnosis, A-53 (July); failure, congestive, 293; failure, congestive, due to kidney failure, 153; failure due to endocarditis, 604
Hemochromatosis, in diabetic patient, 164
Hemorrhage, *see also* Menstruation; Pregnancy, late; in pregnancy, surgical emergency, 562
Henley, William Ernest, his poem "Invictus," 510
Hepatitis, *see* Liver
Hernia, hiatus, *see also* Diaphragm; in infants and children, 568; treatment, 20
Hilus-cell tumors, 449
Hormones, adrenocortical, tests for, A-20 (July), A-18 (Aug.)
Hydatid disease, in Spain, A-70 (July)
Hypertension, *see* Blood pressure, high
Hypophysectomy, *see* Pituitary
Hypoventilation, 545

IMIPRAMINE, side effects, possible cardiovascular complications, A-94 (Sept.)
Immunization, control of viral diseases, 99
Industrial medicine, executives, health of (editorial), 614; poisoning, chemical, A-62 (Sept.); skin disease in farmers, 1; women in industry (editorial), 281
Infection, treatment with corticosteroids, 173
Influenza, vaccination (editorial), 613
Insects, infestations and bites among farmers, 5
Insurance, sickness, obligatory, in Spain, A-70 (July)
Intestines, carcinoid, malignant, 516; constipation, 240; diarrhea, chronic, 244; disease, colitis, ulcerative, steroid therapy, 242; disease, colitis, ulcerative, surgery, A-70 (Dec.); disease, diverticulitis, 241; disease, ileitis, regional, 242; disease, rectitis due to lymphogranulomatosis, A-82 (Oct.); impaction in rectum, roentgenographic diagnosis, 63; obstruction, diagnosis, A-64 (July); obstruction, in late pregnancy, 567; preparation for surgery, 241

JOINTS, *see* Arthritis

KIDNEY, damage due to periarteritis nodosa, 83; disease, nephrotic syndrome, A-82 (Oct.), A-18 (Dec.); disease, roentgenographic diagnosis, 56, 59, 60, 64, 66; examination, roentgenographic, intravenous pyelography, A-55 (Dec.); failure, acute, management, 150; transplants, A-72 (Aug.)

LABOR, complications, sciatic nerve palsy following delivery, 495; conduct of, breech presentation, A-15 (Aug.); conduct of, cesarean section in patient with scleroderma, 498; conduct of, induction with drugs, A-12 (Aug.)
Legs, cramps, etiology and treatment, 47
Leishmaniasis americana, treatment, A-84 (Oct.)
Leprosy, *see* Hansen's disease
Leukemia, genetic aspects, Philadelphia chromosome and, A-22 (Dec.); lymphocytic, in patient with cryptococcosis, 383
Leukopenia, *see* Blood, dyscrasias
Limp, *see* Gait
Liver, abscess, diagnosis and treatment, 11; biopsy, 240; cirrhosis, treatment, 238; disease, acute cholestatic syndrome, A-87 (Sept.); disease, hemochromatosis, 164; function, test, Bromsulphalein, A-61 (Nov.); inflammation, amebic hepatitis (editorial), 393; inflammation, treatment, 239; inflammation, viral, recognition and treatment, 96
Lung, cancer, metastatic, irradiation for, A-14 (July); changes in senescence, 530; disease, coccidioidomycosis, 301; disease, complications, pulmonary osteoarthropathy, A-85 (Nov.)
Lupus erythematosus, auto-immune disease, 94
Lymphogranulomatosis, rectitis due to, A-82 (Oct.)
Lymphorrhea, following excision of saphenous vein, A-16 (July)

MENINGITIS, tuberculous, A-70 (Aug.)
Menopause, 417
Menstruation, *see also* Menopause; Ovary; abnormal, in adolescents, 467
Mental deficiency, phenylketonuria and, A-12 (Aug.)
Mental disorders, anxiety, primal, psychiatric emergencies and, 200; biochemical concept, 111; following gastrectomy, A-70 (Aug.)
Metabolism, errors in, congenital, 324
Migraine, equivalents, 339
Military medicine, progress in (editorial), 280
Mortality, infant, in Spain, A-78 (Dec.)
Motorists, effect of age on driving (editorial), 523
Muscle, spasm, leg cramps, 47

NECK, injuries due to blunt violence, A-47 (Aug.)
Nephrotic syndrome, *see* Kidney, disease
Nerves, peripheral, inflammation as cause of leg cramps, 47; sciatic, palsy following delivery, 495
Nervous system, changes in senescence, 531; disease, secondary to diabetes mellitus, 223
Newborn, *see* Pediatrics
Nose, inflammation, allergic, 217; injuries as cause of disturbed function, 580
Nutrition, anemia (editorial), 393; Council on Foods and Nutrition, American Medical Association, 502; diet in management of diabetes, 598; diet in relation to coronary artery disease, 69; health department services, physician and, 351; obesity, drugs, formula diets and, 245

OBESITY, *see* Weight, excessive
Obstetrics, *see also* Labor, conduct of; Pregnancy; gynecology and, special issue, 396; psychosomatic aspects, 479
Ovary, cancer, 433; cysts, dermoid, roentgenographic diagnosis, 54; function, *see also* Menopause; function, evaluation, 424; function, prevention of ovulation with drugs, A-14 (July); tumor, surgery during pregnancy, 566; tumors, functioning, 438
Oxygen, deficiency due to hypoventilation, 545

PAGET'S disease, A-22 (Nov.)
Pancreas, disease, roentgenographic diagnosis, 58; functioning islet-cell carcinoma, 36; inflammation, 239; inflammation, treatment, A-84 (Oct.)
Paralysis, sciatic nerve palsy following delivery, 495
Parkinsonism, diagnosis, differential, senile tremor and, 550; treatment, surgical, A-88 (Oct.)
Pediatrics, abnormalities, congenital, 317; abnormalities, congenital, rubella and, A-94 (Nov.); allergy, nasal, 217; diabetes mellitus, A-21 (Nov.); disease incidence in Sahara, A-98 (Nov.); endocrinology, A-69 (Aug.); glycogenosis, A-66 (July); heart disease, congenital, 119, 191; hernia, 20, 568; infant mortality and morbidity in Spain, A-70 (July); infants, newborn, resuscitation, 489; kidney disease, nephrotic syndrome, A-18 (Dec.); leprosy preventorium in Spain, A-78 (Dec.); limp in childhood, 343; mortality, infant, in Spain, A-78 (Dec.); nephrotic syndrome, A-82 (Oct.); nose injuries as cause of disturbed function, 580; poisoning, chemical, A-62 (Sept.); sinusitis, nasal, A-96 (Nov.); thirst, excessive, A-29 (Sept.)
Penicillin, Penbritin, new broad-spectrum type, A-84 (Oct.)
Peptic ulcer, duodenal, chronic, surgery, antrectomy with bilateral vagectomy, 591; of stomach, cancer and, A-72 (Dec.)
Peritoneum, hematoma, subperitoneal, roentgenographic diagnosis, 62; pseudomyxoma, roentgenographic diagnosis, 62
Phenylketonuria, treatment, A-12 (Aug.)
Photography, color, medical uses, 274
Physicians, choice of, by other physicians (editorial), 282
Pituitary, deficiency, prepuberal panhypopituitarism, A-64 (July); excision for breast cancer, A-75 (Dec.)
Placenta, abnormalities, hemorrhage and, 397
Poisoning, chemical, A-62 (Sept.); fatal dose concept, A-42 (Dec.)
Poliomyelitis, control, immunologic, 99
POSTGRADUATE MEDICINE, anniversary (editorial), 612
Pregnancy, complications, hypocalcemia, leg cramps and, 48; complications, preeclampsia, A-61 (July); complications, rubella, A-20 (Nov.); complications, rubella, congenital malformations and, A-94 (Nov.); complications, scleroderma, 498; complications, surgical emergencies, 562; complications, toxemia, severe, 188; diagnosis, McKean test (editorial), 524; ectopic, 412; extrauterine, roentgenographic diagnosis, 63; late, complications, hemorrhage, 397; late, complications, toxemia, 407
Prostate, cancer (note), 73
Psychiatry, *see* Mental disorders
Psychosomatic medicine, gynecologic and obstetric aspects, 479
Public health, air pollution (editorial), 90; auxiliary medical workers (feldshers) in Russia (editorial), 89; cancer mortality in Israel, A-101 (Nov.); disease incidence in Sahara, A-98 (Nov.); nutrition services, 351
Pyelography, *see* Kidney

REHABILITATION, self-help devices: Crutch prescriptions: Accessories, 610, types, 508; Homemaking: Kitchen area, dishwashing, 148, "helping hand" for kitchen work, 74, house cleaning, 371, opening containers, 272
Reserpine, effect on infants, A-24 (Nov.)
Respiration, faulty, hypoventilation, 545
Respiratory tract, abnormalities, congenital, 322
Resuscitation, of newborn, 489
Roentgen rays, advances in x-ray television, A-92 (Sept.); examination, bone changes in pulmonary disease, A-85 (Nov.); examination, diagnosis of cardiac enlargement, A-53 (July); examination, diagnosis of gout, A-63 (Oct.); examination, diagnosis of hiatus hernia, A-77 (Sept.); examination, intravenous pyelography, A-55 (Dec.); examination of abdomen, misleading calcific shadows, 51; examination, technic, for general physicians, A-59 (Aug.); treatment of benign skin disease, use and abuse, 180
Rubella, in pregnancy, A-20 (Nov.); in pregnancy, congenital malformations and, A-94 (Nov.)
Rush, Benjamin (biography), A-86 (July)

SCALP, folliculitis, occipital, A-16 (Oct.)
Schemm, Ferdinand R. (biography), A-118 (Sept.)
Schistosomiasis, Manson's, A-90 (Sept.)
Scleroderma, complicating pregnancy, 498
Scoliosis, *see* Spine, curvature

Sedatives, choice of, 235
Self-help devices, *see* Rehabilitation
Senescence, *see* Geriatrics
Serotonin, metabolism, mental disorders and, 111
Sheep pox and orf (letters), A-64 (Dec.)
Sinuses, nasal, inflammation, in children, A-96 (Nov.)
Skin, changes in senescence, 532; disease, occupational, among farmers, 1; disease, sheep pox and orf (letters), A-64 (Dec.); disease, x-ray treatment, use and abuse, 180
Skull, fracture, basal, A-94 (Nov.)
Spine, curvature, scoliosis, A-26 (Sept.); injuries due to blunt violence, A-44 (Aug.)
Spleen, enlargement, Banti's disease and Felty's syndrome, A-20 (Dec.); rupture, in late pregnancy, 567
Sterility, oligospermia, conception and, A-70 (Dec.)
Sterilization, legal aspects, A-43 (Nov.)
Steroids, *see* ACTH and cortisone
Stomach, cancer, chronic ulcer and, A-72 (Dec.); excision, psychiatric consequences of, A-70 (Aug.); hernia, hiatus, roentgenographic diagnosis, A-77 (Sept.)
Suicide, evaluation, 31; pseudo, drug automatism and, A-34 (Oct.)
Surgery, adrenocortical response in Europeans and Bantu (editorial), 172
Syphilis, tabes dorsalis, surgical problems and, 586

TABES dorsalis, *see* Syphilis
Tetany, as cause of leg cramps, 47
Thecoma, 441
Thio-TEPA, information, A-26 (Sept.)
Thirst, excessive, A-29 (Sept.)
Thorax, injuries due to blunt violence, A-47 (Aug.)
Thyroid, disease, thyrotoxicosis, treatment with potassium perchlorate, A-94 (Sept.)
Ticks, hard, infestation in Japan, A-86 (Oct.)
Tongue, black, hairy, A-16 (Oct.); cancer, A-20 (Dec.)
Tremor, senile, versus parkinsonsim, 550
Triparanol, cholesterol depressant, clinical study, 76
Tuberculosis, incidence in Sahara, A-98 (Nov.)
Tuthill, Alexander M. (biography), A-86 (Aug.)

URETHRA, inflammation following instrumentation, A-18 (Oct.)
Urinary tract, abnormalities, congenital, 323
Urine, phenylketonuria, A-12 (Aug.)
Uterus, cervix, cancer detection, 229; cervix, cancer, prognosis (note), 26; cervix, carcinoma, intra-epithelial, 453; endometrium, misplaced, endometriosis, 459; prolapse, 207; tumor, fibromyoma, roentgenographic diagnosis, 52

VAGINA, prolapse, 207
Veins, saphenous, excision, lymphorrhea following, A-16 (July)
Vertigo, treatment, A-66 (July)
Viral infection, control, immunologic, 99; of skin in farmers, 4
Vitamins, therapeutic value, 234

WATER, purification, A-36 (Sept.), A-20 (Oct.)
Weight, excessive, drugs, formula diets and, 245; excessive, obesity and hypoventilation, 545

X-RAYS, *see* Roentgen rays
